

PRODUCT INTRODUCTION
DIGITAL CONFERENCE SYSTEM PRODUCTS

MVC-4200 | Camera auto-tracking controller

- Built-in **VIDEO 6×1** Matrix
- Image freeze function
- High-performance Scaler
- **VGA,VIDEO** Output

PARAMETER

Power	AC100-240V 50~60Hz	Power consumption	5W
Video input	BNC×6 balanced input	Video output	BNC、RCA、VGA
Broadband video	8MHz	VGA output	1280×1024,60Hz
Weight	3Kg	Dimension	485L×235W×45H (mm)
Color	Grey		

Product Function

MVC-4200, Video-tracking Controller; achieve the auto video-tracking with the coordination of CREATOR conference system and keyboard controlled by the video camera.

Product features

- Support several kinds of video camera control protocol and telecommunicate baud rate.
- Input voltage: AC 120-240 V; subjected to the enduring high pressure test, and safe standard guarantee.
- Metal materials enclosure assure of ability to anti static 8000V.
- Internal universal power .
